

CLAIMS

1. A ciclesonide-containing sterile aqueous suspension
sterilized by autoclaving, wherein the concentration of
5 ciclesonide after autoclaving is 95 % or more comparing
to that before autoclaving.
2. The ciclesonide-containing sterile aqueous suspension
according to claim 1 additionally containing
hydroxypropylmethylcellulose.
- 10 3. The ciclesonide-containing sterile aqueous suspension
according to claim 2, wherein the
hydroxypropylmethylcellulose is
hydroxypropylmethylcellulose 2910.
4. A method of manufacturing a ciclesonide-containing
15 sterile aqueous suspension comprising the step of
sterilization by autoclaving a ciclesonide-containing
aqueous suspension.
5. The method of manufacturing a ciclesonide-containing
sterile aqueous suspension according to claim 4, wherein
20 the concentration of ciclesonide after autoclaving is
95 % or more comparing to that before autoclaving.
6. The method of manufacturing a ciclesonide-containing
sterile aqueous suspension according to any one of claims
4 through 5, wherein the ciclesonide-containing aqueous
25 suspension additionally contains
hydroxypropylmethylcellulose.
7. The method of manufacturing a ciclesonide-containing
sterile aqueous suspension according to claim 6, wherein
the hydroxypropylmethylcellulose is
30 hydroxypropylmethylcellulose 2910.
